To whom it may concern:

PARMA Recordings LLC is pleased to announce our intent and commitment to work with Virginia-based composer/performer Gina Biver on an upcoming release of her original compositions for the award-winning Fuse Ensemble. We present the following letter in support of Ms. Biver's research and creative process of creating this release. Ms. Biver's talent and success as a composer warrants PARMA's complete dedication to the production and release of her compositions.

As a composer, Ms. Biver has received support from the Virginia Center for the Creative Arts, American Composer's Forum, American Music Center and more, has had her works performed throughout the country, and has been featured in various media outlets.

With the Fuse Ensemble, Ms. Biver acts as the artistic director, composer, and a multi-instrumentalist. Our upcoming release will feature a full program of composition by Gina, as performed by the Fuse Ensemble. Ms. Biver is currently writing the last composition for the release. PARMA is currently collaborating with the Fuse Ensemble on recording these angular and complex pieces at the highly-acclaimed Cue Studios in Falls Church, VA.

This release will be available as a physical enhanced CD and digital download. PARMA's Enhanced Content is web based and allows our composers to present important information to their listeners by including it as part of their release. This will give Ms. Biver and the Fuse Ensemble the opportunity to present session photos and videos, study scores, and extended liner notes with the release. This new album will receive the benefits of mass duplication, world-wide distribution via Naxos, and PARMA's own marketing and promotional efforts.

PARMA is pleased to be working with Ms. Biver and we believe strongly in the quality and importance of her music. We kindly ask your support as Ms. Biver prepares for this substantial and important release.

Sincerely,
